

ISABELLE ARMSTRONG

Spring Collection 2016

Inspiration

This collection is inspired by the uncompromising magnificence of a diamond. At its core, a diamond is strong, brilliant and extraordinary.

The Spring 2016 Isabelle Armstrong Bridal Collection, complete with geometric embroidery and soft, romantic fabrics and laces, captures the essence of a diamond's multi-faceted beauty. Each gown is hand crafted, complex and yet simply elegant. This collection is our interpretation of one of nature's outstanding creations, a testament we believe exemplifies our continued efforts to design pieces evoking

Splendor, Passion and Grace.
